Since your Effective Date is at a later time you will need to select the “Non-Members”

## Find a Doctor

You can search our online provider directories by provider name, location and specialty. Make the most of your coverage and save money, by choosing a provider in your plan.

Members >

Non-Members >

It will take you to a page that says “Our Networks” and click on “View Providers” under Preferred Blue Network

## Our Networks

### Preferred Blue Network

The Preferred Blue® network is used by employer-based group plans and features the most comprehensive provider network in the state.

[View providers](#)

### BlueEssentials Network

Individual and family plans use our growing exclusive provider organization (EPO) network. (Note: Business BlueEssentials<sup>SM</sup> members use the Preferred Blue network.)

## How to Find Prescription Drug Information

Start by going to [www.southcarolinablues.com](http://www.southcarolinablues.com)

Click on “Prescription Drugs” link under Members.

The screenshot shows the South Carolina Blues website homepage. At the top, there is a navigation bar with links for SHOP PLANS, MEMBERS, PROVIDERS, EMPLOYERS, and AGENTS. Below the navigation bar is a search bar and a large banner image of a man paddleboarding on a lake. The banner text reads "Live Fearless. With the brand trusted for more than 70 years." To the right of the banner is a "Member Login" box with fields for Username and Password, and a "Log in" button. Below the banner is a grid of six main navigation categories: Shop Plans, Members, Providers, Employers, Agents, and About Us. Each category has a list of sub-links. The "Members" category is highlighted with a blue border, and the "Prescription Drugs" link is highlighted with a blue box.

# How to Find Information for Non-BCBS of SC Members

On the next page select “Any other group plan”

## Prescription Drugs

Different health plans manage pharmacy benefits in different ways. For the most current information on what your specific plan covers, log into [My Health Toolkit®](#). You also can review general information on pharmacy benefits by selecting your plan type from the links below.

The image shows two side-by-side navigation panels. The left panel is light blue and titled 'Individual'. It contains the text 'You purchase your own health insurance. What kind of plan do you have?' and three links: 'BlueEssentials plan', 'Personal Blue or other pre-Affordable Care Act plan', and 'Blue Term short-term health plan'. The right panel is dark blue and titled 'Employer-Based'. It contains the text 'You get health insurance through your employer. What kind of plan do you have?' and two links: 'Business BlueEssentials plan' and 'Any other group plan'. The 'Any other group plan' link is highlighted with a white border.

You will have 3 options – Pharmacy Directories, Drug Lists and Drug Management Programs or Drug Cost Tool

## Pharmacy Information

The information in this section applies to most members who get their coverage through employer groups and also those who purchased individual plans before the Affordable Care Act (ACA) became effective in 2013 (including Personal Blue<sup>SM</sup>, MSA and Mark IV plans)

The image shows three navigation buttons in a row. The first button is light blue with a globe icon and the text 'Pharmacy Directories >'. The second button is dark blue with a list icon and the text 'Drug Lists and Drug Management Programs >'. The third button is light blue with a dollar sign icon and the text 'Drug Cost Tool >'. All buttons have a white border.

Pharmacy Directories will allow you to look up Pharmacies in the Network in your area.

## Pharmacy Directories

The information in this section applies to members of most employer group plans and individual members who have plans they purchased before the Affordable Care Act (ACA) became effective in 2013 (including Personal Blue<sup>SM</sup>, MSA and Mark IV plans).

When you need to fill a prescription, you'll save money when you use a network pharmacy. To find one that works with your health plan, log into [My Health Toolkit®](#). Under Benefits, look for Prescription Drug Information and select Find a Pharmacy.

You can also view one of these directories:

# How to Find Information for Non-BCBS of SC Members

If you want to see what Pharmacy Programs like Pre-Authorization or Step Therapy click on Drug List and Drug Management Programs.

## Drug Lists and Drug Management Programs

The information in this section applies to members of most employer group plans and individual members who have plans they purchased before the Affordable Care Act (ACA) became effective in 2013 (including Personal Blue<sup>SM</sup>, MSA and Mark IV plans).

### Drug Lists

Want to know if a medication is covered? Most plans have guidelines around which medicines they'll cover and what rules will apply. These lists and programs apply to most members' prescription benefits.

▸ Preferred Drug List

▸ Try Generics Drug List

▸ Specialty Drug List

▸ Excluded Drug List

▸ \$0 Covered Drug List

### Drug Management Programs

Some plans include drug management programs for certain medications. These may include:

▸ Prior Authorization

▸ Quantity Management

▸ Step Therapy

▸ Opioid Management

The third option is the Drug Cost Tool. You will want to click on the blue link called drug cost tool.

### Drug Cost Tool

The information in this section applies to most members who get their coverage through employer groups and also those who purchased individual plans before the Affordable Care Act (ACA) became effective in 2013 (including Personal Blue<sup>SM</sup>, MSA and Mark IV plans).

Considering starting a new medication? A great first step is to look it up using the [drug cost tool](#). Use the tool to find out:

- How much you can expect to pay out of pocket for a medication
- Lower cost alternatives, if there are any, that you may want to discuss with your health care provider
- Whether there are rules or limitations to your coverage for the drug
