Customize your mobile app

When you first login to the app, you are given a few options for customization. You can connect an activity tracker and Apple/Samsung Health. You can also turn on daily Healthy Habit reminders and choose to use the SimplePay Health app icon.

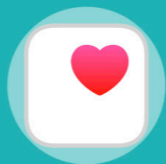

If you choose to skip these steps you can set them up later by going to your 'Profile' and selecting 'Devices & Apps'.

Accessing your **benefits** via the mobile app

On the home screen you will notice the 'Benefits' tab is located in the center of the navigation bar at the bottom of the page. This is where you will find your main health plan tools and resources.

You can use the search bar to find benefit options like find a doctor/pharmacy or contact your Health Valet. You can also click 'View all' to scroll through additional benefits information available to you.

You can add your most used benefits to a 'Saved' list for quick access.

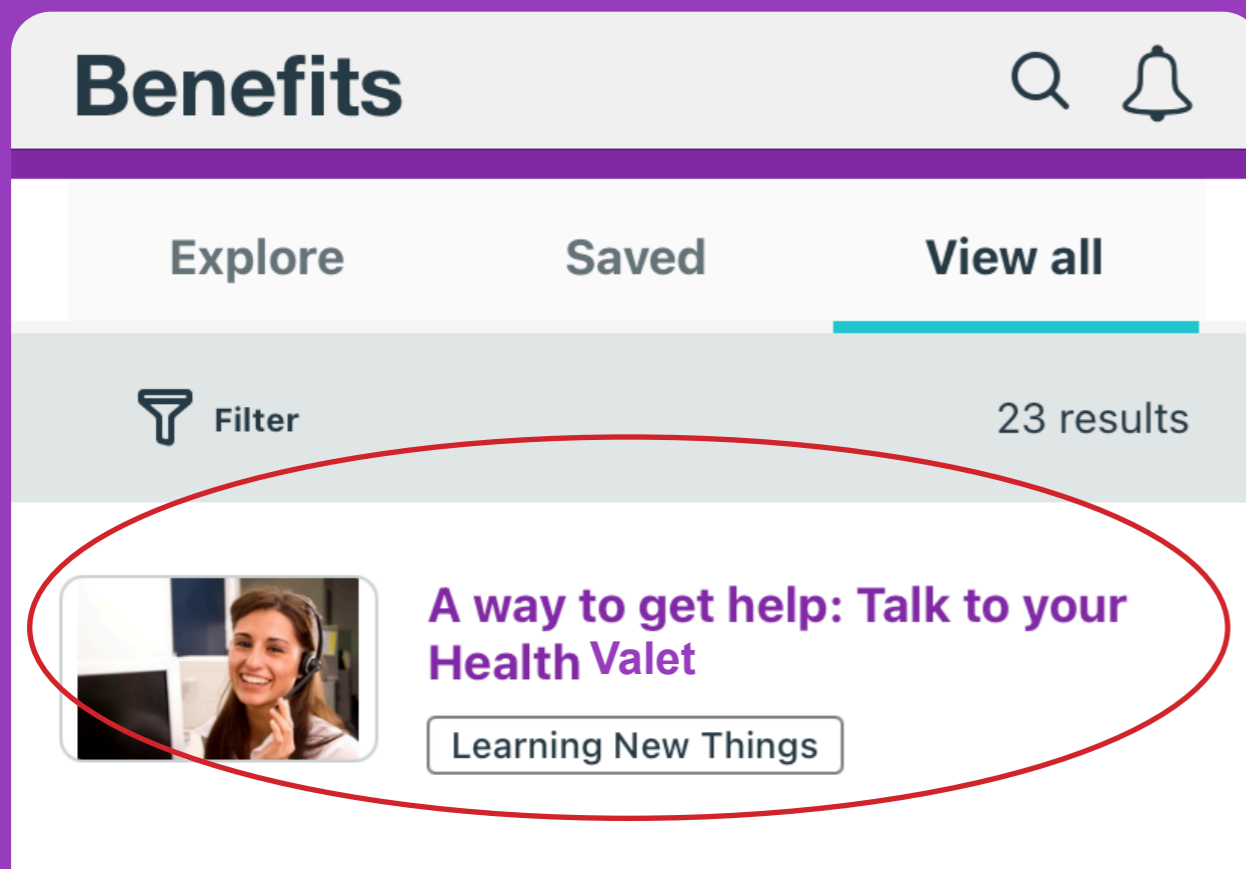

Accessing your **Health Valet** via the mobile app
